Residential schools venue information

Barnfield Technology College, Luton

T216

If you have a disability or additional requirement other support is available to you.

It is vital that we know about any requirements you may have well ahead of your school so that:

- we can ensure appropriate arrangements are made, wherever possible
- you can be reassured in advance about the support we can provide for you.

To do this:

Complete the online Facilities Request form (FRF2)

If you need help completing the online form or would prefer a paper version, contact the Disability Resources Team:
