University of York

SXR344

This site is only used for specialist chemistry courses and is within easy access of York centre. This campus is fairly small and level, with most buildings linked by covered walkways and ramps. The schools use the chemistry department and nearby colleges, about five minutes’ walk from each building. If you use a wheelchair, you can find a route that avoids steps. One of the colleges is on a gentle slope, so you must have an assistant if you use a non-electric wheelchair or are blind or partially sighted. Please contact the Disability Resources Team to discuss any concerns you may have about this site.

Teaching accommodation

Laboratories and tutorials are based in the chemistry department. All on the ground floor. A lift is available.

Residential accommodation

The accommodation block is a five-minute walk from the chemistry department and dining hall. Bedrooms are en-suite. Ground floor and specially adapted rooms for wheelchair users are available.

Catering

Meals are served in the dining hall in a nearby college. All meals are self-service, and there’s always a vegetarian choice. Please contact the Disability Resources Team to discuss any special dietary requirements at least six weeks before the start of your stay.

Key points to keep in mind

- Covered walkways.
- You need an assistant if you have restricted mobility, are blind or partially sighted.
Specially adapted bedrooms available for wheelchair users.
Ground-floor bedrooms available.
Parking permits are available to purchase at registration.
Lift and facilities for disabled students in the laboratory block.
Special dietary requirements can be catered for by contacting the Disability Resources Team

**Additional information**
Academic information is provided by individual faculties to help you decide how suitable each school is for you and to help you to make decisions about the type of support you may need.

You can get this information by visiting our website [www.open.ac.uk/residential-schools](http://www.open.ac.uk/residential-schools) and clicking on ‘Additional support’.
